It isn't true, as Hacker claims, that the red-green color-blind "cannot use ['red' and 'green'] correctly in the way that we do, and will characteristically eschew their use" (1987: 152). Of course, the color-blind will sometimes mislabel the colors of things, but they will call tomatoes 'red' and grass 'green'.

Community Reviews. Seeing Red is a suspenseful, sizzling web of conspiracies, plenty of suspects and motives with danger lurking behind many twists and turns and as usual for me I never saw anything coming. It has some heat and tension in there to keep things hot on the romantic side of the story.

Seeing Red by Sandra Brown - Goodreads — Share book

Seeing Red. He is the quintessential Brown hero – aggressive, bombastic, intelligent driven and overbearing. On occasion,

those heroes wind up being more alpha asses than alpha male but in this case the author keeps Trapper on the right side of the line. He might skirt it fairly often but he never quite crosses over.
