Indeed, hyper-mobilities among global elites often lead to families being “lived” and “sustained” transnationally. Using a two-pronged approach that combines a questionnaire survey and in-depth interviews, the paper is based on a study of Chinese-Malaysian professionals who have been accorded expatriate or permanent resident status in Singapore.

4 Even in countries in which polyarchy has its deepest roots such as in the U.S. we see crises of legitimacy in the globalization era. The U.S. political scene, for instance, has been under- going a facelift in an effort to restore the decreasing legitimacy of the transnationally-ori- ented capitalist class and its allies.
